ABOUT US

MAHLI Design and Interior Decoration, is an establishment founded in 2013 with the aim of becoming a leading company in the General Contracting field in the United Arab of Emirartes. Starting from a small establishment based in Dubai 7 years ago, and by keeping our high standards of quality, time efficiency, and visibility, our projects today exceeded 100 projects covering all areas.

OUR VISION

As an establishment based in Dubai, and based on our belief in Sheikh Mohammed Bin Rashid VISION 2050, we aspire to take on our role of turning this vision into reality, beside becoming the top company in the General Contracting field in UAE as well as the Middle East Region, by providing our clients with top quality services.

OUR MISSION

We aim to gain the respect and trust of our clients across all sectors as well as our private clients, through fulfilling their needs of achieving their visions in terms of construction, decoration, and design, to the fullest potentials.

OUR VALUES

SAFETY

Based on our belief that every individual's life is highly precious, safety will always come first in our working area. Therefore, we strive for accident-free projects.

CLIENT SATISFACTION

The end result of our efforts must be a satisfied client. Our reputation is the key to our establishment's relatively fast growth and continuity in the general contracting field, and will remain the key to future growth and success.
